### With an LCQ you can apply for a Manager's Certificate.

The Licence Controller Qualification (LCQ) course provides you with the two essential unit standards required by the District Licensing Agency before you can apply for your Manager's Certificate.

The course is aimed at anyone involved in the sale of liquor. You will gain an in-depth knowledge of the Sale of Liquor Act 1989, plus other key compliance-based elements.

The LCQ training courses are held at our centres in Auckland, Wellington, and Hawke's Bay.

We schedule courses weekly in Auckland and regularly at our other centres. If you can't get to one of our courses, you can complete it online.

Please note: anyone wishing to apply for their Manager's Certificate through their local District Licensing Agency must be at least 20 years of age.

### Get the lowdown on food hygiene and safety!

Our NZQA-approved Food Hygiene programme will provide you with a good knowledge of food hygiene and safety.

This training course can be carried out at one of our training centres (in Auckland, Wellington and Hawke's Bay), and in some cases training can be carried out at your place of work.

On successful completion you will receive a training certificate, which shows you have met council regulations.
